ON THE 1'S & 2'S

Since 2013, Vunky Lao has been rocking in his favored categories. He successfully took part at diverse events, as a DJ and as a dancer. His references include working for musicals, charitable projects, clubs and industry clients such as Adidas. Moving, nationally and internationally, Vunky always has diversity in the back of his mind, because that's what describes his artist soul best.

He easily creates a personal vibe with his choice of music and therefore goes his own, special way into the music scene. His goal is taking his audience away with the music, creating a unique atmosphere. Songs tell stories, which music lovers love to listen to.

Come and enjoy our resident

YOGA WITH YASEMIN

Yasemin started with yoga around 10 years ago and teaches the yoga styles „Iyengar“ as well as „Vinyasa“ for five years. In 2015, she absolved her 200-hours yoga teacher training in India, where she learned directly at and from the roots. This experience enabled her to dive deep into the matter and to truly understand what she is doing, down to the base. In her classes, she loves to combine both styles and put a little of her own flavour as well, to share with you, what Yoga can give you, if you allow it to. As a dancer, it is important to keep your balance and, especially, your body healthy, stable and flexible at the same time. Let's start the day together with a refreshing yoga session to be energized for the day refreshed in mind, body and soul. She is looking forward to meeting you all on the mat!

Namaste!
